Objectives of Session

At the end of this session, the attendee should be able to:

- Distinguish between pharmaceutical misuse and abuse;
- Know the extent of the pharmaceutical misuse /abuse problem nationally/locally
- Identify student populations vulnerable to pharmaceutical misuse/abuse use;
- Understand some of the major risk factors for pharmaceutical problem use;
- Know where to access resources to support prevention and intervention services

Agenda

12:30 – 1:00 p.m. *Welcome and Introductions - Presenters and Participants*
Let's hear from the participants

Facilitator: Ray Bullman
